

**MISSION STATEMENT:**

*"The Arc of Fort Bend County ensures opportunities for people with intellectual and developmental disabilities to maximize their quality of life within our community."*

An affiliate member of The Arc US, and The Arc Texas, The Arc of Fort Bend County was founded in 1968, by a group of "grassroots" parents who wanted to improve the lives of their children with intellectual and developmental disabilities (IDD). Since then, the organization has grown into a service and advocacy organization providing life-enhancing programs and vital supports to people of all ages who have an IDD, i.e., autism, down syndrome, intellectual disability, cerebral palsy, and more.

We accomplish our mission by providing social and recreational programs, parent and community training, support groups, safe and attractive community homes and advocacy which empowers people with IDD and their families to pursue meaningful life activities through community inclusion in home, school, work and leisure.

Caring for a child with IDD is a life-long commitment with ever-changing and steep learning curves. It requires ongoing guidance and support from a trusted entity. The Arc of Fort Bend realizes this and stands ready to assist with the process!
